# **NovaTec LAN Extender**

**NovaTec Kommunikationstechnik GmbH**

**welcomes**

**You**

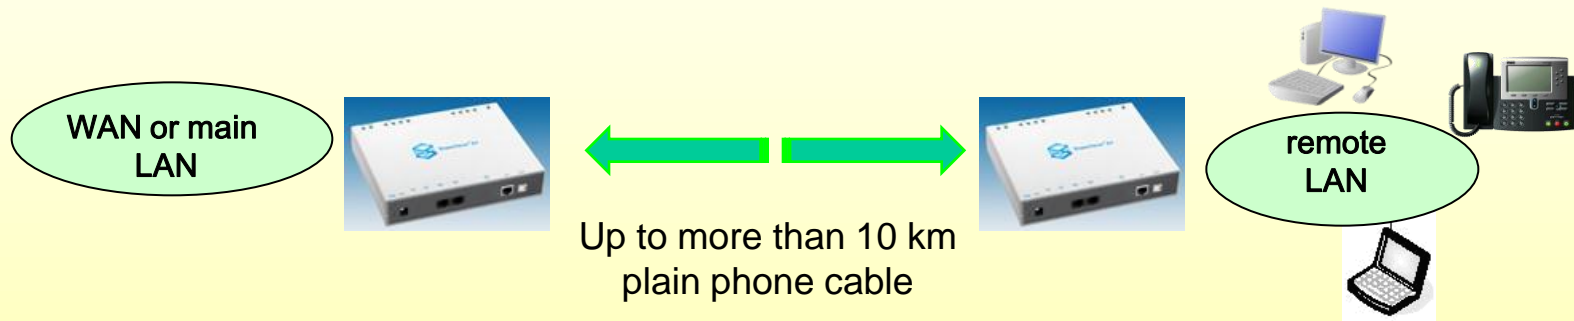

**to this presentation**

## NovaTec LAN Extender (NLE)

- Enables the connection of any IP based Terminal over long distances to a remote LAN, when no on side LAN available.
- Connection via a pair of plain telephone cable.
- Distances over more than 10 km are possible.
- Application examples:
  - IP Camera
  - VoIP Phones
  - All IP based units with narrow bandwidth requirement.

## Possible configuration:
