We change the shape of the world

Reference list of NovaTec Kommunikationstechnik GmbH

Partner	Project	Supply
Swisscom	Project Coop:	Delivery of soft and hardware for setup of a pulse accurate connection for ISDN and DECT based TK systems via IP of a network with a Cisco callmanager enviroment.
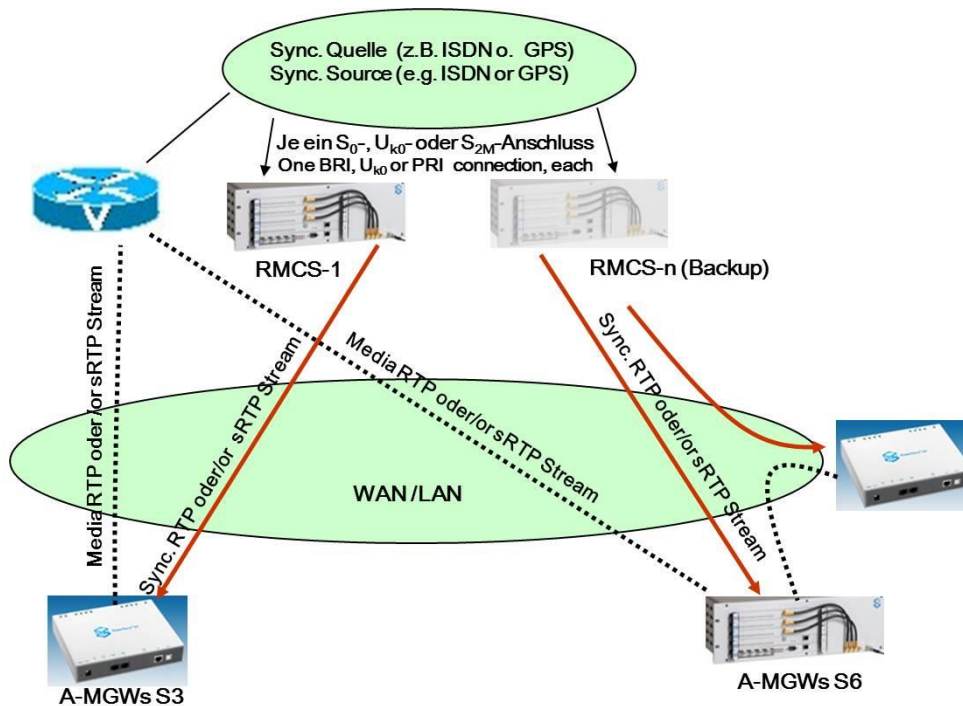

Cisco Systems	Project VG-2BRI:	Sale of part licenses as well as joint development and definition od a new codec for the synchronous transfer of data, delivery of hardware for various VoIP projects, even to international warehouses.
T-Systems Int.	Project DB Voice:	Design and delivery of hard and software as well as documentation of the setup of a TLS encrypted and pulse synchronouse VoIp and data network a Cisco CUCM environment for a network structure across germany.

Reference list of NovaTec Kommunikationstechnik GmbH

Partner	Project	Supply
T-Systems Int.	Project (1)	Delivery and conception of hard and software as well as documentation on the setup of an encrypted and pulse synchronous data and VoIp network in an authority under VsnfD conditions.
T-Systems Int.	Project (2)	Delivery and conception of hard and software as well as documentation on the setup of a TLS encrypted and pulse synchronous data and VoIP network in an high security area for military and governemental communication applications under VsnfD conditions.
T-Systems Int.	Project KfW:	Delivery of systems as investment protection during the implementation and conversion of the KfW communications infrastructure on VoIP base.

Reference list of NovaTec Kommunikationstechnik GmbH

Partner	Project	Supply

Controlware | Ministry | Uko (BRI) connections including synchronisation with the TDM network via a WAN network and SIP in a Cisco Callmanager enviroment.

Deutsche Telekom | City of Pforzheim: | Delivery of hardware for the range extension of interfaces and the expansion of the existing telephone network.

| | Heidepark Soltau: | Delivery of hardware for the range extension of ISDN interfaces.

Reference list of NovaTec Kommunikationstechnik GmbH

Partner	Project	Supply
Ansaldo Italy	<u>Indian railway:</u>	Delivery of hardware for the range extension of Up0 (BRI) interfaces under a wide range of climatic conditions for the indian railway.

Reference list of NovaTec Kommunikationstechnik GmbH

Partner	Project	Supply
Airsys Navigation Systems	Köln-Bonn Flughafen	Technique for the connection of the detectors of the aeroplane positioning on the ground.

Reference list of NovaTec Kommunikationstechnik GmbH

Partner	Project	Supply
City of Mannheim		Delivery of hardware for the range extension of interfaces.
City of Hannover	Emergency telephones	Delivery of hardware for the connection of emergency telephones at tram stops.
City of Berlin	Emergency telephones	Delivery of hardware for the range extension of interfaces.

Reference list of NovaTec Kommunikationstechnik GmbH

| Partner	Project	Supply

Wind farms   Delivery of hardware for the connection of the electric meters to a central point over great distances within the wind farms.

Hydro dams   County of Saxony   Delivery of hardware for the range extension of interfaces and the expansion of the existing telephony network with IP connection.
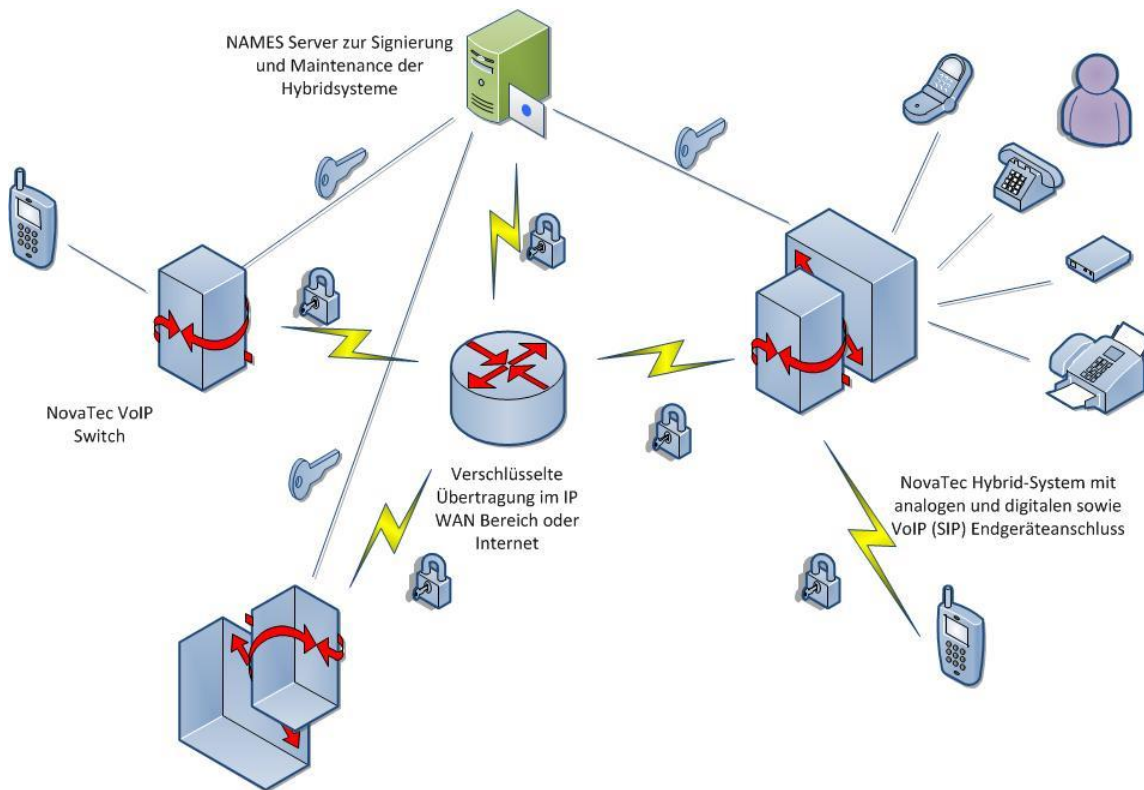

Reference list of NovaTec Kommunikationstechnik GmbH

Partner	Project	Supply
Britisch Telecom	Central bank	Delivery and installation of hardware for a VoIP network in a CUCM enviroment.

Weinmann	GAP Tunnel	System delivery for the connection of remote analogoue terminal equipment over great distances in a tunnel to the GSM network with the help of an integrated GSM gateway.
Dimensiondata	Nato partner	Delivery of special hardware for the connection of security relevant applications to a VoIP network.
